## Our Guiding Stars

(Learning skills)

To respect and listen to each other's views, opinions and ideas.

To be kind, friendly and thoughtful.

To follow rules and explain how to keep us safe.

Taking responsibility for actions.

Independence

Active learning– taking part

Achieving targets.

## Sun, Sea and Suspense!

### Our Exploration Backpack

(Essential Curriculum Skills)

- I can describe the physical features of a place.
- I can recognise how a place has changed and how it is still changing.
- I know some facts about the lives of people and events from the past.
- I can select the right tools from the art I am creating.
- I can collect information and plan my ideas for a piece of art.
- I can identify light sources, reflective sources and understand how shadows are made.
- I can create a circuit and describe how electrical current is conducted.
- I can identify and describe ideal conditions from different varieties of green plants to thrive.

On our adventure we might discover...

Bumblebees and Dragonflies will be investigating how coastal erosion transforms a country's landscape and which sea defences can be installed to limit damage.

They will investigate a prominent figure from Greek history and discover how he has had a lasting effect on Greek culture.

Year 3 will transport their readers to a Greek Island to unravel a mystery before they create their own mythical creature and write a thrilling legend.

### Our Adventure Starts...

Year 3 will be transported to Greece to enjoy a light Greek Meze meal then listen and dance to some traditional music.

### An adventure highlight...

Scientific trip to Godinton House to explore green plants and seasonal change.

### Our Explosive Ending

Summer Toga Party.

Year 3 will design party invitations using the Greek alphabet to invite guests to a summer costume party on the school field.
