

# Butterflies and Ladybirds' Learning Adventure

Terms 5 and 6

## Our Guiding Stars

(Learning skills)

## It's a Wonderful Life!

### Our Exploration Backpack (Essential Curriculum Skills)

- I can use a variety of paint and drawing techniques
- I can share my opinions about the environment.
- I can identify and classify in different ways.
- I can use observations and ideas to suggest answers to questions.
- I can gather and record data to help in answering questions.
- I can find out about and describe the basic needs of animals, including humans, for survival.
- I can identify and name a variety of plants and animals in their habitats, including micro-habitats.

On our adventure we might discover...

Butterflies and Ladybirds are exploring life all around us..

- What do animals and plants need to survive? Do they need the same things?
- Where do plants and animals live? Can they live anywhere?
- Are all plants the same? Are all animals the same?
- How do plants and animals grow?
- What do animals eat and why?
- What is a habitat? What is a micro habitat? Where can you find these?
- How do we know if something is alive?
- What effect can exercise, eating and hygiene have on our bodies— good and bad?
