

# Year 6 Virtual Yearbook

One of the things we thought that it would be fun for us to do is produce a Powerpoint Yearbook about all of the children in Year 6. We would include a page for each child, interspersed with pictures from throughout their time at Godinton, and messages from their teachers.

This will then be turned into a video, set to music, that all of the children can have as a lasting memory of their time at our school.

Your child will just need to produce a single paged Powerpoint of themselves.

It would be great if they included a couple of pictures of themselves and the following:

- Name and year 6 class name.
- A 'fun fact' about themselves.
- Favourite memory of Godinton.
- What they are looking forward to most at secondary school.
- Plans for the future / ambition.

Please make sure that the writing is not too small.

They can add animations in to their page but needn't worry about transitions or sound effects.

If you do not have Powerpoint, a landscape Word or Publisher document will be fine, we will simply transfer it as laid out on the page into the final Powerpoint.

Once their Powerpoint page (or document) is complete, please email it to [year6parent@godinton.kent.sch.uk](mailto:year6parent@godinton.kent.sch.uk) with the message title 'Child's name – Virtual Year Book'.

Could you also please type into the main body of the email message 'I give permission for my child's image, name and attached information to be included in the Year 6 Virtual Yearbook 2020'.

**Please note that without this permission we will not be able to include your child in this project.** Please send in to school by Friday 19th June.
