

## Phonics Dictation

Read through each set of sentences (one or two sets per day).  
Discuss with an adult which is the repeating sound throughout.  
Then ask an adult to read the sentences aloud for you to try and write correctly, without looking. It doesn't matter if you make some mistakes, this is all about you trying to spell out words independently. If you would like, then you can check through and edit at the end.

Quick, the queen is coming!

The duck quacks.

This quiz is hard!

I eat chips and cheese.

Chop the wood.

The children like the chick.
