

# Year R Unexpected Adventure Trail 18.1.21

Instead of going to school for a short while, you can go on a 'Unexpected Adventure Trail' to make sure that you keep up with your learning. Your teachers have set out some tasks for you to complete but where you take your learning to after that, is up to you. You can extend it in any way you like.

So put on your backpack of essential skills and get going!

**Reading and Talking** We will be using Oxford Owl online resources. Please find the tasks and instructions on how to join in the task grid. There will be a different story with tasks every day.

**Phonics:** Practice your daily phonics using the flash card you have in your phonics pack sent home. Make sure you use your tricky words flash cards too and practice these daily. So far we have learnt these phase 3 digraphs: qu, sh, th, ch, ng, ai, ee, and the trigraph igh.

Don't worry if your child is not recalling all the digraphs every time, we will be revisiting these many times throughout the year and again in year 1. Children will memorise tricky words and digraphs at different rates and will develop the skills to be able to apply phonic knowledge to decode words and read with fluency at different stages.

Today we are learning the digraph oa. We usually find oa in the middle of words. You will find links to bbc bitesize for the digraph on the phonics instructions.

**Morning work:** Please see the daily morning work handwriting activities in the task grid.

## Learning Adventure:

### 'It's Cold Outside'.

Today we going to listen to a story that most of you may know, called 'Stickman'. There is a link to the story on BBCiplayer in the instructions for today. You will make your own stickman!

## Maths

Mathletics challenges will be set as normal. There will be a minimum of two challenges per week

Please log on and complete the games available if you have completed the tasks set.

For today's lesson please click the link in the maths instructions in the grid and select session 1. There is an activity sheet in the task grid for you to use after the lesson as seen below.

There is also a maths challenge linking to the Stickman story. You can find about this in the instructions today.
