

Ladybirds and Butterflies Unexpected Adventure Trail

Date: Wednesday 20th January 2021

Even though we can't be at school at the moment, it is still important for you to continue with your learning at home so that we don't miss out on learning opportunities.

Below you will find your daily learning tasks for you to complete at home. Try to complete them each day so that you can keep on top of your work. Your teachers will give you feedback to show you how you are doing, some of this will be on the website. Your parents will also need to email your teachers with photos of your work so that they can reply and give you some personalised feedback. Make sure you let your teachers know if there is anything that you need help with.

Reading

Make sure that you read today for at least 15 minutes. This could be by yourself or to an adult.

Times Tables

Spend at least 15 minutes practising your times tables. Focus on the 2, 5 and 10 x tables.

Spelling

Spend 15 minutes practising the words from the spelling list at the front of your homework book.

PE

You have an extra optional activity today. Log onto imoves using the details sent out via parentmail.

Maths

The next step in multiplication is to look at arrays. This is a way of showing a multiplication in a columns and rows. This is useful because it helps us to understand the commutative law– that multiplication can be done in any order (like addition) eg 5×8 is the same as 8×5 as the array can be turned around. It helps when we may not know some of our tables for example the 8x table but we know our 5x table. Watch the White Rose video clip by clicking on the link on the pdf document. This will explain things in more detail. When you have watched this, complete the questions in your Unexpected Adventure books You will find this on the pdf document too. The questions get progressively more challenging as you work through them. If you get stuck, look at the video again to help you out. Don't forget to complete your Mathletics tasks too!

Learning Adventure

Task 1– We are continuing our story by using the words collected to write the next part. Use the example to help if you are unsure, or listen to the audio again. Don't forget to read the parts you have already written to make sure your story makes sense.

Task 2– Today there is a little quiz to see how you are getting on with learning those contracted words, after some advice from some familiar characters. The answers are on a separate pdf if you should need them. Don't forget to practise those Phase 5 phonic sounds first.

Task 3– For reading today there are a few quick questions all about advice a dentist would give. Don't forget to always write in full sentences!
