

Year R Unexpected Adventure Trail 21.1.21

Instead of going to school for a short while, you can go on a 'Unexpected Adventure Trail' to make sure that you keep up with your learning. Your teachers have set out some tasks for you to complete but where you take your learning to after that, is up to you. You can extend it in any way you like.

So put on your backpack of essential skills and get going!

Reading and Talking We will be using Oxford Owl online resources. Please find the tasks and instructions on how to join in the task grid. There will be a different story with tasks every day.

Phonics: Practice your daily phonics using the flash card you have in your phonics pack sent home. Make sure you use your tricky words flash cards too and practice these daily. So far we have learnt these phase 3 digraphs: qu, sh, th, ch, ng, ai, ee, and the trigraph igh.

Don't worry if your child is not recalling all the digraphs every time, we will be revisiting these many times throughout the year and again in year 1. Children will memorise tricky words and digraphs at different rates and will develop the skills to be able to apply phonic knowledge to decode words and read with fluency at different stages.

Today we are learning the digraph **or**. We usually find **or** in the middle of or end of words. There is also a video today, Mrs Christopher shows you how to 'sound out' words to write.

Morning work: Please see the daily morning work handwriting activities in the task grid.

Learning Adventure:

'It's Cold Outside'.

For tomorrow: please make some ice cubes or fill some balloons/sealed small bags/plastic gloves sealed with elastic bands with water (not too full!) and put them in the freezer overnight for our investigation tomorrow.

Today you are going to be creative and make snowflakes! In the story Mrs Christopher read yesterday there was a snow cloud. Today you are going to make some snowflakes to decorate your house. Look at the instructions to

help you. There is also a penguin making activity!

Maths

Mathletics challenges will be set as normal. There will be a minimum of two challenges per week

Please log on and complete the games available if you have completed the tasks set.

For today's lesson please click the link in the maths instructions in the grid and select session 4. There is an activity sheet in the task grid for you to use after the lesson as seen below.
