

Maths instructions Tuesday 26th January

For today's lesson please click [here](#) and select session 2 from 'Activity Week'. There is also a PDF prompt sheet next to the video that you can use after completing the interactive video lesson. This prompt sheet is also in the grid.

Day 2 - Snowflakes, snowflakes all around

#MathsEveryoneCan

Go on a go at playing the memory game with a friend.
Turn over two cards that represent the same number,
you get to keep them both!

White Rose Maths

There is another challenge today all about sharing with teddy bears! Look at the activity prompt sheet 'Sharing bears' where the teddies are waiting for you to work out how many each they will get when you share fairly! You can find your own cuddly toys and share with them at home.
