

Maths instructions Wednesday 27th January

For today's lesson please click [here](#) and select session 3 from 'Activity Week'. There is also a PDF prompt sheet next to the video that you can use after completing the interactive video lesson. This prompt sheet is also in the grid.

Day 3 - Wrap up warm

There is a second maths activity today, and that is to make a clock face so you can start to learn to tell the time. There is a template you can use to help you or you can draw and cut out a circle and hands for your clock. Write the numbers onto the clock face. You can lay the hands onto the clock face or use a split pin and fasten them on if you have one.
