

Magpies and Cuckoos' Learning Adventure

Terms 5 and 6

Our Guiding Stars

Tutankha-mn

Our Exploration Backpack (Essential Curriculum Skills)

- To write a biography making use of features of an information text.
- Begin to plan different types of scientific enquiries to answer questions, including recognising and controlling variables.
- To understand how light travels and how this creates shadows.
- Study significant discoveries in space and learn about the Hidden Figures who got man to the moon.
- I can investigate Egypt with more emphasis on the larger scale; contrasting and different places.
- I can draw conclusions from geographical evidence.

On our adventure we might discover...

Have you ever wondered what space is like and how have found out about it despite no one visiting all regions of space?

We will explore outer space and investigate how the sun, moon and planets work together. We will then travel back in time to Ancient Egypt and study their practises and culture.

- Why do we get day and night on Earth?
- What is it like on other planets?
- How man *really* got the moon.
- Who were the Pharaohs?
- What discoveries did the Ancient Egyptians make?

Our Adventure Starts...

...a journey through space

An adventure highlight...

Would you make the cut as an astronaut?

Our Explosive Ending

A Day in the life of an Ancient Egyptian!
