

Are you ready to go on a Listening Walk?

You could make a pair of listening ears just like Ellie is wearing here! There is a template in the resource pack on the parents page, but you don't need them to take part! Go for a walk somewhere that is special to you. When you are out remember to turn on your listening ears and walk very quietly. There are some more speaking and listening games in the resource pack that you might enjoy playing with a grown up!

Happy Listening!
