

Ladybirds and Butterflies' Homework Trail (Term 1 2022)

Weekly homework tasks

Reading

Read or share a book at least five times a week. This could be your school reading book or a book from home.

Mathletics

Tasks will be set on Mathletics weekly although you can use the games and challenges available online as often as you like. The more you practise, the better! Practice the times tables facts and number bonds that have been sent home.

Spellings

Practice the phonics sounds or spellings list that have been sent home.

Have a look at and learn the words from the list in your reading record and practice them regularly to improve your writing.

Off on the trail...

You must complete three squares in a row, passing vertically, horizontally or diagonally through the middle.

Write about a different country you have visited. What do you know about the country? How is it similar and how is it different to Ashford?

Draw a food chain diagram. Identify a producer, prey and predator in a simple food chain. Include labels or a paragraph to explain how energy is passed through the chain.

Design your own African animal/creature and use exciting adjectives to label it. Where might it live? What does it eat? Describe its appearance and behaviours.

Create your own rain gauge. How many centimetres of rain will you collect over a week? Make a prediction: Do you think that will be the most or least rain in a week that month?

Write a letter to Amelia Earheart. Can you ask her a question about her flights or places she had visited. Try and remember all of the features of a letter and include these.

Find out about our Class Hero **Tim Peake**. What is he known for? Where/when was he born? Where did he stay while in space? How did they get there? Can you find out any other interesting facts?

Draw a well known land mark from another country, Find out about the architect who designed it and what it's made from.

Make your own weather diary. Record day, date, sun rise/sunset times, temperature and type of weather you observe. Is the weather typical for the season?

Create your own model flying machine. Make a label about it. What is it, what is it made of, which country would you find it in?

Homeward Bound... Record all your homework in your homework book. You do not need to bring in your homework each week to be checked. We will be holding a **Trail End Homework Showcase** in class on **Tuesday 1st November** when you can share your homework with the class and celebrate your hard work.

The Extra Mile... Can you complete

any 6 squares on the grid (including the centre square) to get your Extra Mile sticker.
