

DT in Focus

After a busy term being Ocean Explorers, Year 1 children disappeared for the day and were replaced with 60 hungry pirates who were all expecting a tasty picnic! Having learnt about the importance of a 'healthy' plate, the pirates were set to work preparing a picnic for their shipmates. Spreading and cutting skills were put to the test to ensure that everyone had enough to eat after a hard day at sea!

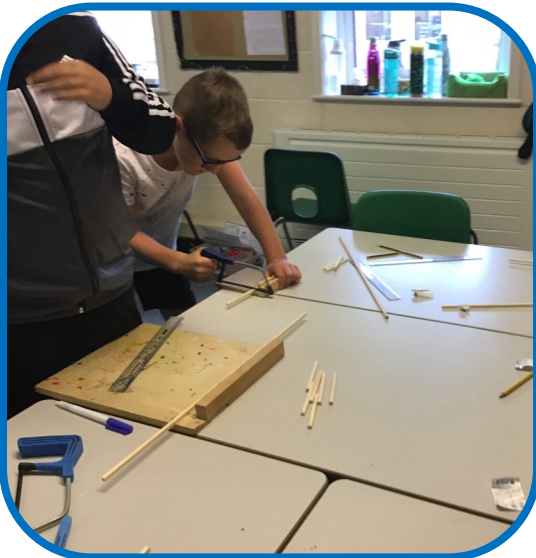

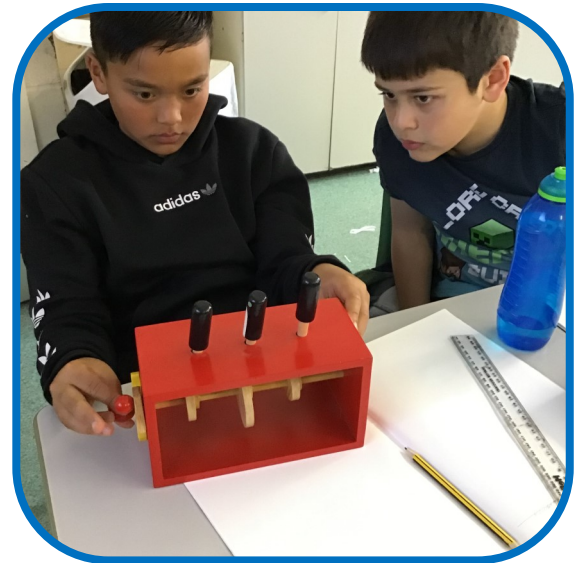

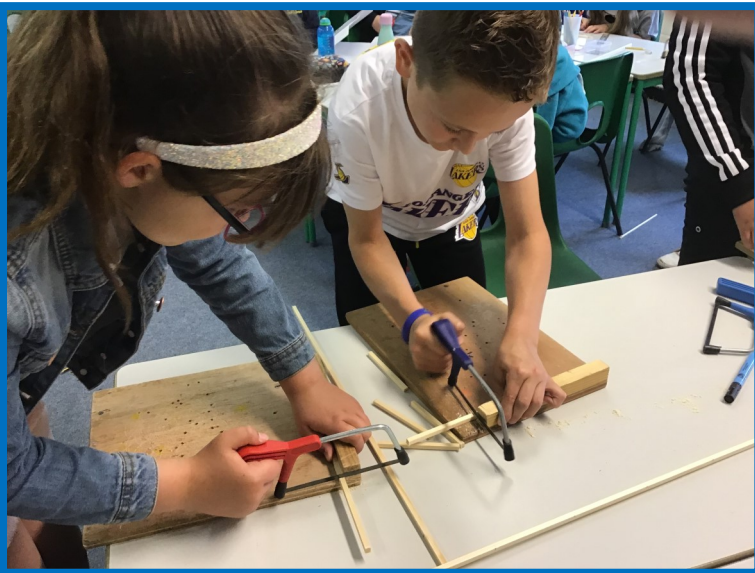

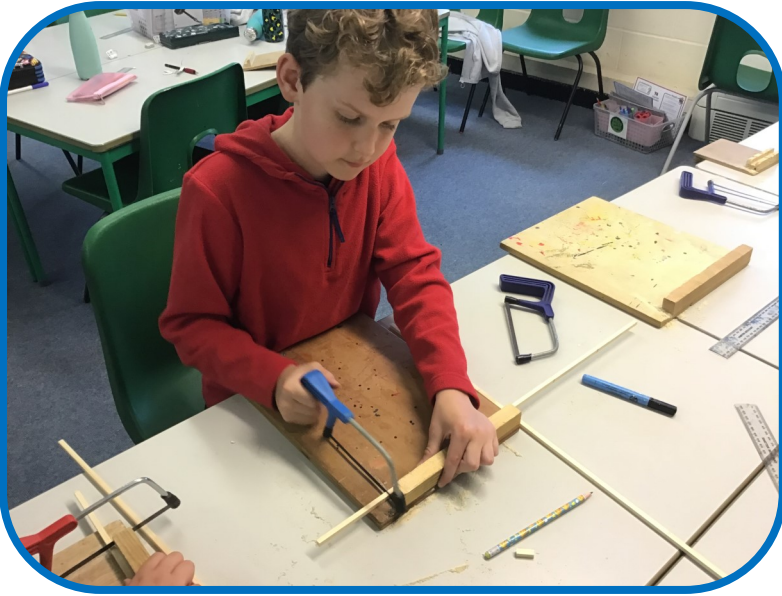

DT in Focus

In the Spring Term, as part of their topic of Our Wild World, Year 3 classes investigated, designed and made their own kites. This involved great collaborative work to ensure that resources needed were measure and cut accurately to size.

DT in Focus

Year 4 have enjoyed investigating how cam and pulleys work. The children investigated the effect of different shaped cams. The children have also developed their measuring, marking and cutting skills using a variety of tools including hacksaws, drills and glue guns.
