# **USE OF PHOTOGRAPHIC AND VIDEO IMAGES OF CHILDREN POLICY**

**OF**

## **GODINTON PRIMARY SCHOOL**

NB. The word parent throughout this policy refers to parents and carers.

**School/Setting Designated Safeguarding Lead (DSL):** Jill Talbot (Headteacher)

**Governor with lead responsibility for Safeguarding:** Rachael Dray

### **SECTION ONE – OFFICIAL USE OF PHOTOGRAPHIC AND VIDEO IMAGES OF CHILDREN**

#### **A. SCOPE AND AIMS OF THE POLICY**

This policy seeks to ensure that images and videos taken within and by Godinton Primary School are taken and held legally and the required thought is given to safeguarding all members of the community.

This policy applies to all staff, the governing body, external contractors, visitors, volunteers and other individuals who work for or provide services on behalf of the school (collectively referred to as ‘staff’ in this policy) as well as children and parents/carers.

This policy must be read in conjunction with other relevant school policies including, but not limited to; Safeguarding and Child Protection, Anti-Bullying, Behaviour and Discipline, GDPR, Online Safety, Acceptable Use Policies, Confidentiality, relevant curriculum policies including Computing, Personal Social and Health Education (PSHE) and Relationships and Sex and Relationships Education (RSE).

This policy applies to all images, including still and video content taken by Godinton Primary School.

All images taken by Godinton Primary School will be used in a manner respectful of the Data Protection Principles. This means that images will be processed:

- fairly,
- lawfully and in a transparent manner
- for specified, explicit and legitimate purposes
- in a way that is adequate, relevant limited to what is necessary
- to ensure it is accurate and up to date
- for no longer than is necessary
- in a manner that ensures appropriate security

The Data Protection Officer (DPO) within the school (Lisa Crowfoot) supported by the

DSL and management team are responsible for ensuring the acceptable, safe use and storage of all camera technology and images within the setting. This includes the management, implementation, monitoring and review of the Use of Photographic and Video Images Policy.

## **B. PARENTAL CONSENT**

Written permission from parents or carers will always be obtained before images and/or videos of children are taken, used or published by the school.

The school will take photographs and video images of pupils as part of its core educational function. This includes images taken for the purposes of:

- Assessment evidence and records, especially in the Foundation Stage
- For classroom / school wall displays / digital photo displays e.g. photos on the monitor in the school entrance foyer
- Celebration displays
- Official school photographs
- As a record of pupil's work in their school books or class portfolios
- As a visual record of school events, e.g. sports day, school plays etc.

Details of the consent required is outlined in the parental consent form Appendix A. This includes the taking of photos and videos that may be uploaded to the school website.

Occasionally our school will be involved in ICT projects with other schools or educational organisations. As part of these projects, photographs and videos might be taken and uploaded to educational websites. Parental permission will again be sought for this. These are the only types of websites which staff, with permission are able to upload images taken of our children onto.

Written parental consent will always be sought to take and use photographs offsite for professional, marketing and training purposes. This is in addition to parental permission sought for onsite images. Occasionally there will be times when photographs of children are uploaded to third party websites for printing purposes (e.g. school prospectus). In these rare instances, parents should be aware that the terms and conditions of the third party might mean that the school no longer owns the photograph and it could be used externally by the company for promotional purposes without the school's knowledge or consent.

Written consent from parents will be kept by the setting where children's images are used for publicity purposes, such as brochures or publications, until the image is no longer in use.

Parental permission will be sought on admission to the school or when the requirements for permission change

A record of all consent details will be kept securely on file. Parents may amend their consent at any time and must do so in writing. Should permission be changed by parents/carers, then all relevant images will be removed and disposed of and the record will be updated accordingly.

### **C. SAFETY OF PHOTOGRAPHIC AND VIDEO IMAGES**

All images taken and processed by or on behalf of the school will take place using school provided equipment and devices.

Staff will receive information regarding the safe and appropriate use of images as part of their data protection and safeguarding training.

All members of staff, including volunteers, will ensure that all images are available for scrutiny and will be able to justify any images in their possession.

Images will not be kept for longer than is to be considered necessary. A designated member of staff (DSL) will ensure that all photographs are permanently wiped from memory cards, computer hard and portable drives or other relevant devices once the images will no longer be of use.

The DPO and/or DSL reserve the right to view any images taken and can withdraw or modify a member of staffs' authorisation to take or make images at any time.

Only official setting owned equipment and cameras will be used by staff to capture images of children for official purposes. Use of personal equipment and cameras by staff is prohibited.

Any apps, websites or third-party companies used to share, host or access children's images will be risk assessed prior to use.

The school will ensure that images always are held in accordance with the General Data Protection Regulations (GDPR) and Data Protection Act, and suitable child protection requirements, if necessary, are in place.

Photographs will be disposed of should they no longer be required. They will be deleted and wiped or shredded as appropriate. Copies will not to be taken of any images without relevant authority and consent from the DPO and/or DSL and the parent/carer.

### **D. PUBLICATION AND SHARING OF IMAGES AND VIDEOS**

Images or videos that include children will be selected carefully for use, for example only using images of children who are suitably dressed.

Children's' full names will not be used on the website or other publication, for example newsletters, social media channels, in association with photographs or videos.

The school will not include any personal addresses, emails, telephone numbers, fax numbers on video, on the website, in a prospectus or in other printed publications.

#### **E. USAGE OF APPS/SYSTEMS TO SHARE IMAGES WITH PARENTS**

Any apps, websites or third-party companies used to share, host or access children's images will be risk assessed prior to use e.g Tapestry

Images uploaded to Tapestry or any other school approved apps will only be taken on school/setting devices.

All users of any school approved apps are advised on safety measures to protect all members of the community e.g. using strong passwords, logging out of systems after use etc.

Parents/carers will be informed of the expectations regarding safe and appropriate use (e.g. not sharing passwords or copying and sharing images) prior to being given access. Failure to comply with this may result in access being removed.

#### **F. SAFE PRACTICE WHEN TAKING PHOTOGRAPHIC AND VIDEO IMAGES**

Careful consideration is given before involving very young or vulnerable children when taking photos or recordings, who may be unable to question why or how activities are taking place. Godinton Primary School will discuss the use of images with children and young people in an age appropriate way.

A child or young person's right not to be photographed is to be respected. Images will not be taken of any child or young person against their wishes.

Photography is not permitted in sensitive areas such as changing room, toilets, swimming areas etc.

Where possible the school will use general shots of classrooms or group activities rather than close up pictures of individual children. Consideration is given to camera angle.

Godinton Primary School will avoid providing the full name of pupils to accompany photographs or videos. We follow the DFE guidance that 'If the pupil is named, avoid using their photograph. If the photograph is used, avoid naming the pupil'.

Where names are required, the minimum information should be given i.e. just a first name. This would include in classroom and school displays. However medical alert posters may use full names.

#### **G. USE OF CLOSED-CIRCUIT TELEVISION (CCTV)**

All areas which are covered by CCTV will be well signposted, and notifications are

displayed so that individuals are advised before entering such vicinity.

Recordings will be retained for a limited time only and for no longer than their intended purpose; this will be a for a maximum of 30 days. All recordings are to be erased before disposal.

Regular auditing of any stored images will be undertaken by the DSL or other member of staff as designated by the management team.

If cameras record activities taking place on the premises which are of a criminal nature or give any cause for concern, then information will be referred to the appropriate agency.

CCTV cameras will be appropriately placed within the setting.

## **H. USE OF WEBCAMS**

Parental consent will be obtained before webcams will be used within the school environment for educational purposes.

All areas which are covered by webcams for security or safeguarding purposes will be well signposted, and notifications are displayed so that individuals are advised before entering such vicinity.

Recordings will be retained for a limited time only and for no longer than their intended purpose; this will be a for a maximum of 30 days (amend if different). All recordings are to be erased before disposal.

## **SECTION TWO – USE OF PHOTOS AND VIDEOS OF CHILDREN BY OTHERS**

### **A. USE OF PHOTOS AND VIDEOS BY PARENTS AND CARERS**

Parents/carers are permitted to take photographs or video footage of events for private use only.

Parents/carers who are using photographic equipment must be mindful of others, including health and safety concerns, when making and taking images.

The opportunity for parents/carers to take photographs and make videos can be reserved by the school/setting on health and safety grounds.

Parents/carers are only permitted to take or make recording within designated areas of the school/setting. Photography is not permitted in sensitive areas such as changing room, toilets, swimming areas etc.

The right to withdraw consent will be maintained and any photography or filming on site will be open to scrutiny at any time.

Parents may contact the school DSL to discuss any concerns regarding the use of images.

Photos and videos taken by the school and shared with parents should not be shared elsewhere, for example posted onto social networking sites. To do so may breach intellectual property rights, data protection legislation and importantly may place members of the community at risk of harm.

## **B. USE OF PHOTOGRAPHIC AND VIDEO IMAGES BY CHILDREN**

The school will discuss and agree age appropriate acceptable use rules with children regarding the appropriate use of cameras, such as places children cannot take the camera, for example unsupervised areas, toilets etc.

The use of personal devices e.g. mobile phones, tablets, children's own digital cameras, is covered within the school/settings mobile phone and/or online safety policy. There will be occasions when children will be able to use cameras e.g. on some school trips.

All staff will be made aware of the acceptable use rules regarding children's use of cameras and will ensure that children are appropriately supervised when taking images for official or curriculum use.

Members of staff will role model positive behaviour to the children by encouraging them to ask permission before they take any photos.

Photos taken by children for official use will only be taken with parental consent and will be processed in accordance with GDPR and the Data Protection Act.

Parents/carers will be made aware that children will be taking photos/videos of other children and will be informed how these images will be managed. For example, they will be for internal use by the setting only and will not be shared online or via any website or social media tool.

Photos taken by children for official use will be carefully controlled by the school/setting and will be checked carefully before sharing online or via digital screens.

Still and video cameras provided for use by children and the images themselves will not be removed from the setting.

## **C. USE OF PHOTOGRAPHIC AND VIDEO IMAGES BY THE MEDIA**

Where a press photographer is to be invited to celebrate an event, every effort will be made to ensure that the newspaper's, or other relevant media, requirements can be met.

Parents will be asked to give their consent for images to be taken by the press and that only first names will be published. On occasions additional permission may be sought if it is deemed to be beneficial.

The identity of any press representative will be verified and access will only be permitted where the event is planned, and where press are to be specifically invited to attend. No authorisation will be given to unscheduled visits by the press under any circumstances.

Every effort will be made to ensure the press abide by any specific guidelines should they be requested. No responsibility or liability however can be claimed for situations beyond reasonable control, and where the setting is to be considered to have acted in good faith.

#### **D. USE OF EXTERNAL PHOTOGRAPHERS (THIRD PARTY) (THIS MAY INCLUDE VOLUNTEERS, STUDENTS ON TEACHING PRACTICE AS WELL AS OFFICIAL SCHOOL PHOTOGRAPHERS)**

##### **Official School Photographers (class / group and individual school photos)**

External photographers who are engaged to record any events will be prepared to work according to the terms of the settings online safety policy.

Photographers will sign an agreement which ensures compliance with GDPR and the Data Protection Act.

Images taken by external photographers will only be used for a specific purpose, subject to parental consent.

Photographers will not have unsupervised access to children and young people. Suitable safeguarding checks will take place.

Copyright does not apply to images for private family use. However, copyright does exist in commercial photographs and it rests with the photographer. Copyright is a right that the photographer automatically enjoys as the creator of the work to prevent other people exploiting his or her work and to control how other people use it.

If the school commissions photographs to be taken by a third party for use by the school, it will be included in the contract that the school will own copyright for items taken on the school's behalf.

##### **Photographs and Images taken by other third parties**

Third Parties will be under the same obligations as our school to obtain parental consent to the use and distribution of photographs. This is covered by the school's consent form.

### **SECTION THREE – STAFF CONSENT**

The school will seek the consent of staff and governors before taking photographs or

videos of them. A consent form is completed. See Appendix B.

#### **SECTION FOUR – EQUAL OPORTUNITIES**

At Godinton Primary School, we are committed to ensuring equality of opportunity for all members of our school community irrespective of race, religion or belief, gender, gender reassignment, disability, sexual orientation, age, pregnancy or maternity, marriage and civil partnership or socio-economic background. We are determined to develop a culture of inclusion and diversity in which all those connected to the school feel proud of their identity and ability to participate fully in school life.

We tackle discrimination through the positive promotion of equality by challenging stereotypes and by creating an environment that champions respect for all. At Godinton Primary School, we believe that diversity is a strength that should be respected and celebrated by all those who learn, teach and visit us.

All school policies have an explicit aim of promoting equality and will be reviewed in terms of their contribution and effectiveness in achieving this aim.

#### **SECTION FIVE – CHILDREN IN CARE**

As for all our pupils, Godinton Primary School is committed to helping every Child in Care (CIC) to achieve the highest standards they can. To this end staff will ensure that in delivering the curriculum they set suitable learning challenges of CIC, respond to the diverse learning needs of CIC, and help to overcome the potential barriers to learning and assessment for CIC. The Assistant Head for Inclusion will support staff in doing this. The safety of Children in Care may be compromised if this policy is not adhered to.

#### **SECTION SIX – MONITORING AND REVIEW**

This policy is monitored by the Headteacher and is reviewed by the school community every 2 years or sooner if regulations change.

## **Use of Photographic and Video Images of Children Information for Parents / Carers Conditions of Use**

This letter explains why we need to ask you for your consent to certain photographs and videos of your child being taken whilst at Godinton Primary School. When you have read the letter, you should fill in and return the form attached to let us know your wishes.

Generally, photographs for school and family use, and those that appear in the press are a source of pleasure and pride. We believe they can enhance self-esteem for children and young people as well as their families and so are to be welcomed.

We may take photographs for a number of reasons whilst your child is at Godinton Primary School, including:

- Documenting and recording educational activities
- Recording their learning and development progress
- Recording and celebrating special events and achievements

This is known as our core educational function.

Taking photographs for purposes that fall outside the scope of 'core educational function' also require parental consent. Consent is sought when the pupil starts at the school and lasts for the duration of their time at Godinton.

We will also encourage children to be active learners and to become involved in using cameras themselves by taking photos of their surroundings, activities and each other.

We do however recognise that with the increase use of technologies, particularly digitally and online, the potential for misuse has become greater and we understand that this can give rise to concern. We will therefore endeavour to put effective safeguards in place to protect children and young people by minimising risk.

We are mindful of the fact that some families may have reasons why protecting a child's identity is a matter of particular anxiety. If you have special circumstances either now or at any time in the future which would affect your position regarding consent, please let us know immediately in writing.

Parents / carers will be notified in advance if any professional third parties (other than press photographers) will be filming or photographing in school. Parents / carers will have the right to put in writing any change to their consent as given on the attached form.

Parents / carers will be advised as to when children will be participating in webcam activities. Parents / carers will have the right to put in writing any change to their consent as given on the attached form.

Any digital images of children will be stored securely on school devices.

We have a specific policy regarding the use of images and also include the safe use of mobile phones and personal devices as part of our online safety policy, which is available on the school website.

To comply with the **General Data Protection Regulations (GDPR)** and the **Data Protection Act**, we need your permission before we can photograph or make any recordings of your child. If your child is old enough to express their own view, you may want to consult with them about categories of consent, and we invite you to use this letter to explore their feelings about being photographed at the setting.

A full copy of our **Use of Photographic and Video Images of Children Policy** is available online on the school website or is available as a hard copy upon request.

Please read and complete the attached forms and do not hesitate to contact me should you have any queries.

Yours sincerely,

Miss J Talbot
