

Ladybirds and Butterflies Homework Trail (Term 2 2024)

Weekly homework tasks

Reading

Read or share a book at least five times a week. This could be your school reading book or a book from home. Ask a grown-up to sign your reading record when you read with them.

Mathletics

Tasks will be set on Mathletics on a weekly basis, although you can use the games and challenges available online as often as you like. The more you practise, the better!

Spellings

Have a look at and learn the words from the back of your reading record and practice regularly. Have a look at the high frequency word lists that can be found on the [school website](#). Select the list that contains words that you know you need to practise to enhance your writing.

Off on the trail...

You must complete three squares in a row, passing vertically, horizontally or diagonally through the middle square.

<p>Go for an autumn walk and use your senses to describe what you see, hear, feel smell. Could you write an acrostic poem about Autumn?</p>	<p>In October we celebrated Black Culture Month. Design a poster to celebrate the life of an inspiring black person past or present.</p>	<p>Create a board game based on the geography of the world. You could choose to base your game on flags, weather, countries or anything geographical!</p>
<p>Make a traditional dish from another country to serve to your family. Make sure you measure and weigh all of the ingredients carefully! Write out the recipe so I can make your meal.</p>	<p>Write an informal letter to Father Christmas. What would you like for Christmas and how have you been good? Use a greeting, commas for lists and include contractions like: didn't, couldn't or it's. Remember to put the apostrophe in place of the missing letter.</p>	<p>Find out about the international space station where Tim Peake stayed in space. When was it built? Which countries helped build/design it? What is inside it?</p>
<p>Create an African safari. You can create pictures of African animals using collage, paint or pens.</p>	<p>Learn a traditional Christmas carol and sing it to make someone smile. You may have a favourite or a traditional winter song that you sing. Who would love to hear it? Make someone's day.</p>	<p>Make paper aeroplanes and measure how far they fly. Can you improve the design so they fly further? Write or photograph the instructions so we can make one too!</p>

The Extra Mile... Can you complete

any 6 squares on the grid (including the centre square)

to get your Extra Mile sticker.

Homeward Bound...Record all your homework in your homework book.

You do not need to bring in your homework each week to be checked. We will be holding a **Trail End Homework Showcase** in class on Tuesday 7th January when you can share your homework with the class and celebrate your hard work.
